

Lightning

By Seymour Simon

HarperCollins Publishers Inc, United States, 2006. Paperback. Book Condition: New. Revised ed.. 248 x 246 mm. Language: English . Brand New Book. Lightning strikes the earth more than a hundred times every second. It s bright and dramatic, but it happens so fast that we rarely get a chance to see it. Now celebrated children s science writer Seymour Simon gives you an opportunity to take a closer look at lightning with clear explanations of what causes those bright flashes of light in a stormy sky.

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Otis Wisoky**

This publication is great. It is full of wisdom and knowledge You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
