

Just Plain Data Analysis: Finding, Presenting, and Interpreting Social Science Data (Hardback)

By Gary M. Klass

ROWMAN LITTLEFIELD, United States, 2012. Hardback. Book Condition: New. 2nd Revised edition. 230 x 154 mm. Language: English . Brand New Book. Just Plain Data Analysis is designed to teach students statistical literacy skills that they can use to evaluate and construct arguments about public affairs issues grounded in numerical evidence. With a new chapter on statistical fallacies and updates throughout the text, the new edition teaches students how to find, interpret, and present commonly used social indicators in an even clearer and more practical way.

Reviews

This is the finest book i have got study till now. It usually does not price a lot of. I found out this publication from my i and dad encouraged this book to understand.

-- **Jamil Collins**

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.
